# 11<sup>TH</sup> ANNUAL SOUTHERN CALIFORNIA QUALITY CONFERENCE

(Workshop on November 2, 2018; Conference on November 3, 2018)

## GLOBALIZATION, INNOVATION, & THE FUTURE OF QUALITY

**Grow Your Business in a Global Economy through Innovation, and Drive the Future of Quality by Using Data & Risk Based Thinking**

The 2018 Southern California Quality Conference (SCQC) is in its eleventh consecutive year. Our mission is to provide a forum for likeminded professionals to exchange their ideas and learn from workshops and presentations resulting in enhancements to personal development and business acumen, building on the foundation of quality. Four local sections of ASQ are collaborating to produce an excellent learning and networking opportunity for all attendees and we are looking forward to seeing *you* at the conference.

Spread the word among coworkers, friends, or anyone you know who might benefit from attending this event. With a selection of workshops on Friday, an impressive slate of speakers on Saturday, and networking opportunities galore; there will be an abundance of “takeaways” for everyone. We are expecting this year to sell out, so register early to ensure you lock in a spot. Join us for a quality day on the 1st weekend in November!
